Procedures

Information for clients and stakeholders

Connect complaints and appeals procedure will be documented for clients and stakeholders in the Client Handbook (NDIS edition) which is made available to all NDIS clients in hard copy form on registration.

All clients will be informed of their rights and responsibilities with regards to complaints and appeals at the earliest possible stage of their involvement with the organisation.

The Connect complaints and appeals procedure will contain information on the following:

- how to make a complaint or lodge an appeal, including an anonymous complaint
- contact person for lodging a complaint or appeal
- how the organisation will deal with the complaint or appeal, the steps involved and the timelines
- the rights of the complainant to an advocate, support person or interpreter
- how the person will be informed about the outcome of their complaint or appeal
- how to make a complaint to an external body including contact details

Training procedures

Staff will be trained on the complaints management procedures during their induction, and as part of ongoing refresher training.

Managers will undergo training for complaints management and resolution to support clients throughout the complaint process and appropriately respond to complaints in an empathetic manner. This will include open communication strategies such as acknowledging the grievance without being defensive and making apologies while accepting responsibility for what occurred.

A person wishing to make a complaint may do so in writing or verbally to:

- the staff member they were dealing with at the time
- the Operations Manager of that staff member

Procedure for complaints and appeals management

Any staff member may be a recipient of a complaint, and is responsible for:

1. Receiving the complaint:

- listening to the complainant, acknowledging the concern raised, and explaining the next steps to the complainant
- Depending on the type and severity of the complaint, either discussing with the complainant an agreed upon resolution (for smaller matters), or referring the complaint on to the Operations Manager for further investigation and action.

The person managing the complaint will be responsible for:

2. Processing the complaint or appeal:

- registering the complaint or appeal in the register
- informing the complainant that their complaint has been received and providing them with information about the process and time frame

4. Responding to and resolving the complaint:

- making a decision or referring to the appropriate people for a decision within the relevant time frame of the complaint being received
 - informing the complainant of the outcome and the reasons for any decisions made
 - upheld (and if so what will be done to resolve it)
 - resolved (and how this has been achieved); or
 - if no further action can be taken, the reasons for this
- informing the complainant of any options for further action if required
- if an apology is in order, ensuring that the appropriate person makes the apology and informs the complainant what the organisation intends to do to avoid further grievance

5. Reviewing the complaint:

If the complainant is not satisfied with the investigation and proposed resolution of their complaint or appeal they can seek a further review of the matter by the General Manager.

6. Referral to external procedure:

A formal external complaints procedure may follow Step 4 if the complainant is still not satisfied with the outcome. The complainant will be referred to the NDIS Commission or the NDIA and provided information and support to make the complaint externally if necessary.
