# This fee schedule applies to CHSP and CTP clients only.

\* Individual transport is subject to resources and travel may be with other clients.

^ Within reasonable limits and subject to resources at management discretion.

~ Only CHSP (and CTP) clients are eligible for a Connect issued Cabcharge card.

CHSP (and CTP) clients are using Government subsidised services for their transport. CHSP and CTP funding conditions require service providers including Connect to collect a financial contribution from their clients. Other clients including Home Care Package (HCP) and NDIS clients are charged on a commercial basis. Connect is a cashless service and does not accept cheque payments. All payments are by EFTPOS or by prior arrangement, on account.

If you are on an existing HCP or are a NDIS recipient and you would like Connect to provide you with transport, contact the office to discuss.

If you are considering moving from CHSP to HCP, contact the office for information. Connect can still transport you – maintain your network and social connections!

On road staff are not permitted to negotiate or vary fees under any circumstances.
